- Applicant must ensure compliance with Section 11 of QCS 2014.
- All permits must be kept at the point of work and must be accompanied by this stamped and signed request.
- A Permit to "Work/Access" is issued when work is being conducted by Projects Affairs or 3rd Party Contractor; this does not cover any other scope of works and is only issued to allow work and access to site.
- PWA Safety Representatives have the right to STOP WORK if any violation of safe working methods is taking place; this permit will be withdrawn until such time as the violation has had corrective and preventative action applied.
