

A Performance Based Roads Framework (PBRF) across four Operation and Maintenance (O&M) Work Order Packages for Ashghal

- Notes**
- 1 – Package Zones identified are for graphical representation, serve as a guide and are subject to change
 - 2 – All future works will be competitively tendered across technically qualified Partners
 - 3 – O&M Work Orders targeted to be tendered in 2022 and Award in early 2023 to replace expiring contracts
 - 4 – Highway O& M includes the Road Rehabilitation work for the entire duration of the contract
 - 5 – ITS O&M only includes communication network & its control rooms operations across Qatar
 - 6 – ITS devices within each region/ Area will be contained in the respective Regional based work Orders i.e. Highways, QN & QS.

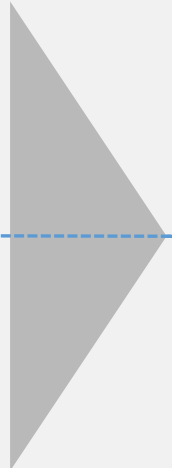

Existing Area based Framework Contracts – At the expiry of existing contracts, assets will be transferred to the Performance Based Roads Framework
