

Invitation to Submit Prequalification Application for Consultancy Services

The Public Works Authority (PWA) in the State of Qatar invites global leaders in consultancy services to submit their Prequalification Application showing their expression of interest for the following Project:

Quality Health Safety and Environment (QHSE) Consultancy Services

QSD 2020 SY 03 G

BRIEF DESCRIPTION OF THE WORKS

The primary aim of the Quality, Safety, and Environment Consultancy Services is to provide technical support in regard to the enhancement of the QHSE in Public Works Authority (Ashghal) – Qatar projects, which includes road projects, building projects and drainage network projects. This includes the review and update of the existing QHSE Schemes and manuals, and to manage, maintain and upgrade Ashghal Quality Tracking Software and mobile application. The consultancy service agreement covers auditing of projects and key supply chain to assure compliance with specifications, contractual and regulatory requirements. The Consultant will deploy personnel for the operation of the mobile and static labs in Ashghal Center for Research and Development. Moreover the service agreement covers the supply of lab consumables and selected lab equipment, which may be required for the operation of the mobile and static labs. The scope includes providing a set of formal certification and training programs for Quality and Safety Department in Ashghal under international standards, QCS, and other supplementary requirements defined by Quality and Safety Department. The technical support provided by the Consultant includes but not limited to ensuring the conformity of the projects to the specifications and technical standards, developing an integrated system for QHSE and monitor its implementation, conducting technical researches and investigations related to Ashghal's functions, developing health and safety standards for all projects of the Authority and working to reduce emissions that affect the environment, in co-ordination with specialized entities.
